Subject: Tree Work Application - Conservation Area. 16 Kingsway, Craigweil Private Estate, Aldwick (1 of 2)

Please could you accept Mr Lock's email below as formal notice of intent to carry out tree work in a conservation area. I will forward my latest correspondence with him separately, which provides authorisation for us to do so.

Many thanks,

Mark

Subject: Tree Officer advice

Dear Mr Warwick,

I am responsible for the trees owned by Craigweil Private Estate Ltd. on behalf of the residents.

It has become apparent that one small tree has become a traffic hazard in obscuring the view on a junction within the estate. In addition to being allowed to grow over the road, it is now leaning over more, therefore excaerbating the problem.

The tree in question is a small golden macrocarpa. In my opinion the trunk width makes in questionable whether it falls within the definition of a tree that would require planning consent.

Would you be able to confirm if I can remove the conifer, or whether I would need to apply for consent. I would be grateful to get this dealt with asap to lessen the hazard it presents.
