Dear Mr Andrew Wood,

I am a director of Craigweil Private Estate Ltd. which is the company that owns and maintains the estate roads and verges on behalf of the residents. I would like to comment on the garden shed that Mr Mould wishes to build in his rear garden.

The property in question is 55 Kingsway. This house is on a corner plot. It fronts on to Kingsway making this its principle elevation. The eastern boundary of the property is in Wychwood Close. The main entrance to the house is at the side of the property.

The proposed shed is to be built behind the garage that was constructed a few years ago. The garage and the proposed shed are without question in the rear-garden.

This confusing arrangement of a property on a corner plot is not unusual on this estate. For example, 47 Kingsway has it's front door at the side facing Wychwood Walk. 43 The Drive has all of it's entrances in Queensway.

I hope this is helpful in your deliberations

Yours sincerely

Robert Lock
