

Recommendation Report for Works to Tree(s) on trees subject to a Tree Preservation Order (TPO)

REF NO: AW/36/20/T

LOCATION: Holly Lodge
3 Barrack Lane
Aldwick
PO21 4BY

PROPOSAL: Prune back to previous points overhang of 1 No. Sycamore tree.

SITE AND SURROUNDINGS

DESCRIPTION OF APPLICATION	As above
TREES	The tree is situated on the site of Holly Lodge 3 Barrack Lane
SITE CHARACTERISTICS	Residential
CHARACTER OF LOCALITY	Dwelling

RELEVANT SITE HISTORY

AW/65/20/T	Works to trees subject to a tree preservation order.	
AW/70/19/T	Crown lift by 1m, Crown reduction by 3m & Crown thin 30% to 2No. Holm Oak trees. Crown reduction by 3m & Crown thin 30% to 1No. Sycamore tree. Reduce split bough by 2.25m to 1No. Holm Oak tree.	Refused 29-05-19
AW/18/15/T	Thin crowns by 30%, lift crowns to a height of 2.5 m above ground level, reduce crown to height of ridge line & spread by 5-6m to 2 No. Holm Oak trees & crown thin by 30%, reduce crown to height of ridge line & spread to 5-6m to 1 No. Sycamore tree.	ApproveConditionally 19-03-15
AW/242/10/T	Reduce height and spread of crown by 20% - 25% to 2 No Holm Oak trees and 1 No Sycamore	ApproveConditionally 17-12-10

Noted

CONSULTATIONS

Arboriculturist

CONSULTATION RESPONSES RECEIVED:

Outwardly and from a distance (restricted view of main stem) this tree appears to be healthy and stable. Despite history of heavy crown pruning it has 'grown-on' with a vigour typical of its type. Double-stage pollard; most recently undertaken c2015 at around 7metres height.

· It grows at the rear of the property and can be seen clearly from neighbouring dwellings but has only limited visibility from publicly accessible land.

· Repeat operations such as now being asked for by the applicant will be necessary throughout the remaining lifespan of this tree, to achieve a reasonable degree of structural integrity appropriate for its location.

Conclusions:

· The proposal to reduce its overall height and spread with a view to restricting its growth is justified and consistent with previous works approved by the Local Planning Authority.

· While a temporary loss of aesthetic value is inevitable, satisfactory canopy renewal and recovery should occur if the work is undertaken to a high standard and at an appropriate time of year. It is important to note that sycamore is prone to bleeding from fresh pruning wounds, so the correct timing of such work is vital to their ongoing health and vitality.

Recommendations:

· I recommend CONSENT for this application, subject to the following condition:

POLICY CONTEXT

Built up Area Boundary

Tree Preservation Order

DEVELOPMENT PLAN POLICIES

PLANNING POLICY GUIDANCE:

NPPDG	National Design Guide
NPPF	National Planning Policy Framework
NPPG	National Planning Practice Guidance

POLICY COMMENTARY

The above policies are general and, other than online Planning Policy Guidance under references ID 36-090-20140306 and ID 36-091-20140306, are not specific to trees.

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 198 of the Town and Country Planning Act 1990 states:

"If it appears to a Local Planning authority that it is expedient in the interest of amenity to make provision for the preservation of trees.... they may for that purpose make an order"

The works to the trees are to be judged having regard to amenity

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONSIDERATION OF ALTERNATIVE SITES

FOR TEL's only

The applicants report received with this application explains that alternative sites have been considered.

These include the following:

(List site address and reason discounted)

CONCLUSIONS

Following the comments from the Tree Officer, it is recommended consent be approved subject to conditions and informatives

HUMAN RIGHTS ACT

FOR APPROVAL

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.

SECTION 106 DETAILS

Enter summary details of Section 106 ...

RECOMMENDATION**APPROVE CONDITIONALLY**

- 1 Part a) Where whole branches are to be removed and final cuts made close to the trunk or branch union they are to be made as shown in Figure 2 of BS3998:2010

Part b) Where branches are to be shortened back the final cuts are to be made at the correct angle shown in BS3998:2010 and adjacent to a live bud or lateral.

Part c) The removal of crown material which has developed since the last operation must be done sympathetically and with respect to established 'knuckles' so as not to extend beyond the point of origin.

Part d) The long-term vitality of this tree is best respected when significant pruning work such as proposed, is undertaken during either the summer (June to August) or mid-winter (late-December to early-February) periods. The work must only be undertaken during these periods.

Reasons: In the interest of the tree's continued health and vitality and to accord with current industry guidelines and sound arboricultural practice.
- 2 **INFORMATIVE:** The applicant should note that under Part 1 of the Wildlife and Countryside Act 1981, with only a few exceptions, it is an offence for any person to intentionally take, damage or destroy the nest of any wild birds while the nest is in use or being built. Birds nest between March and September and therefore removal of dense bushes, ivy or trees or parts of trees etc. during this period could lead to an offence under the act.
- 3 **INFORMATIVE:** This notice does not give authority to destroy or damage a bat roost or disturb a bat. Bat species are protected under Section 39 of the 1994 Conservation (Natural Habitats etc) Regulations (as amended), the 1981 Wildlife and Countryside Act (as amended) and the 2000 Countryside and Rights of Way Act. It is illegal to damage or destroy any bat roost, whether occupied or not, or disturb or harm a bat. If you are aware that bats roost in a tree(s) for which work is planned, you should take further advice from Natural England (via the Bat Conservation Trust on 0845 1300228) or an ecological consultant before you start. If bats are discovered during the work, you must stop immediately and contact Natural England before continuing.
