Dear Mr Hilton-Jackson

I write further to your recent communication in respect of the above notice of tree work.

I have spoken with colleagues in our planning department and it seems there had been an administrative error which has unfortunately led to some confusion over the extent of work permitted. Please accept our apologies for this inconvenience to you and your contractor.

Please also accept this email as confirmation that you are permitted to undertake the removal of the cypress hedging identified on your application.

I would be very grateful if you could confirm receipt of this email by way of return.

If you or your contractor have any outstanding concerns then please do not hesitate to contact me directly.

Yours sincerely,

Mark Warwick
