

Application ref: **AW/40/20/TC**

Location: Shanagarry, 40A Kingsway, Aldwick, PO21 4DL

Works proposed: Fell 1no. Eucalyptus tree within the Craigwell House, Aldwick Conservation area

I visited this location on 19th March 2020, to determine the aforementioned Town & Country Planning Act 1990 (as amended) s211 Notice.

I am satisfied that the works proposed will not result in character of the surrounding area being unduly diminished. Furthermore, while the tree is healthy and large enough to be of visual interest to passers-by it lacks the special merit required for its management to be subject to control by the local planning authority.

I raise **No Objection** to the works that have been applied for and see no reason to make a Tree Preservation Order in this instance.

Mark Warwick
Tree Officer
