Dear Darren

Further to my site visit, I am pleased to provide the following recommendations for the tree Works discussed in your letter

Re: Craigweil Manor, The Drive Aldwick Ref: several large trees behind the garages at the front of the property. (a stand of five mature Sycamore stems)

I recommend these five trees need to be dealt with as one large canopy and pruned down in height and width by approximately 1 to 1.5 mtrs. This will take them back to where they were previously pruned.

I hope the above is of help

Yours sincerely

John Bentley ND Arb
