22nd March 2018

Dear Sirs,

Re AW/43/18/04-T-261 Aldwick Road,
PO 21 3 QU.

With regards to the proposed development
next door at 261 Aldwick Road, I join with
my fellow Malmayne Court residents in being
very concerned with the local impact that
this development would have on Malmayne
Court residents.

The vast majority of our residents are elderly,
some with severe health issues, and I worry
about the impact this development would have
on their mental health.

P-120

I am very concerned that the increased housing, family's, vehicle noise and disturbance due to family activities in the garden would vastly increase the noise and disturbance to Malmagne Court residents and reduce their/our privacy.

I further feel this proposed development would be detrimental to the area, and make Malmagne Court a far less desirable place to live, and would have a negative affect on our property values.

I very much hope the planning committee will bear these points in mind when considering this proposal.

Yours faithfully,
