ACTION...

AW/43/18/OUT

261 ALDWICK ROAD, ALDWICK

I am objecting most strongly to the planning application for two sets of four bedroom semi-detached houses at 261 Aldwick Road. This proposed development runs to the side and the length of Malmagne Court, a private and very quiet area. The residents way of life would be completely changed once overlooking buildings containing sixteen bedrooms were erected just a few metres the other side of the fence. The proposed building of Numbers 3 and 4 is not in a suitable position. Four bedroom houses would probably be family homes so the noise of traffic coming and going, probably children and barking dogs could reduce the value of neighbouring property. Being involved with conservation and the environment, it is so pleasant to look out and see trees and shrubs with wild life, rather than brick buildings. The peace and tranquility of this area would be lost forever.
