Dear Sir or Madam

In reference to the proposed development next door at 261 Aldwick Road, we wish to raise our objection to the building of four - 4 Bedroomed houses adjoining Malmayne Court.

My husband and I have lived here since 1986 and moved here with the sole purpose of enjoying our retirement in a peaceful and quiet setting with the gardens to relax in, which is also appreciated by other residents.

We are also worried about the noise and lack of privacy with windows which will overlook our gardens and the loss of trees and shrubs. As we understand there is already

2/ . . .
a conservation order on some trees.

We trust you will understand our
concerns in this matter and refuse
this unnecessary building permit

Yours faithfully.
