Dear Sir or Madam,

RECEIVED

I am very

concerned about the redevelopment of this site, I have lived here for 22 years it has been so peaceful all this time, as we are all retired and would like a bit of peace for the rest of our days. I can see when they start building the noise of contractors vehicles would put an end of our peace. On summer days most of us like sitting in the gardens and would hate to be overlooked by the residents next door, plus the noise of children playing in the gardens and traffic noise.

Yours faithfully
