Tree survey at 210 Manor Way, Aldwick

See sketch plan

A Mature Macrocarpa situated on the verge out side 210 Manor way on the Aldwick Bay Estate.

This tree had 1.5 metres removed in 2014 which helped maintain its dense habit and had no detrimental effect to its health.

The reduction proposed once again should have no long term effects on this tree and will maintain its form in a prominent position on the Aldwick Bay Estate.

Yours Sincerely

Richard Sinclair
