

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Subject: planning application AW/48/21/HH. 17 KINGSWAY BOGNOR REGIS

the above planning application also shows the siting of a swimming pool but no further details. At some time there had been a fountain at the bottom of the garden of no 17 as a derelict tank and pipe were discarded in that part adjoining the culvert.

Craigweil is a quiet estate with no background noise such as the hum of constant traffic and the introduction of pumps , filters, cleaning systems and whatever else is needed will affect not only the long narrow gardens on either side but the local area. The drainage will also be affected, at a time when it has to cope with more than usual rainfall.

From Lizanne Raccanello and Giorgio Raccanello at 15 Kingsway, Bognor Regis. PO21 4DQ.
