CONCLUSIONS**PRINCIPLE**

The proposed development is situated within the Built up area boundary where the principle of development is acceptable subject to accordance with relevant plan policies. As stated in SD SP2 they key policies considered are D DM1 and D DM4 of the Arun Local Plan. Additionally, the criteria within the Aldwick Parish Design Statement.

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extension and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and locality.

Policy SD SP2 of the Arun Local Plan states that development should be focussed within the Built up area boundary and will be permitted subject to consideration against other policies in the Local Plan.

Policy DSP1 of the Arun Local Plan sets out that all development proposals should seek to make efficient use of land but reflect the characteristics of the site and local area in their layout, landscaping, density, mix, massing, character, materials, finish and architectural details.

There appears to be no recent relevant history relating to this site.

The site is occupied by a semi-detached bungalow, set in a residential street consisting of a variation of house styles and designs.

DESIGN AND VISUAL AMENITY

The application seeks planning permission for the construction of a single storey extension to the side of the existing dwelling. The proposed extension given its location will be visible within the street scene, however it will appear well integrated with the host dwelling.

The proposed side extension will measure approximately 8.6m in length, a maximum of 2.5m in width at the largest part and be built to a height of 4.8m. The extension is considered a modest addition to the dwelling and given its staggered approach and mix of flat roof and pitched roof will not have a detrimental impact on the character of the host dwelling or the street scene. The surrounding properties are of a mixed design and style and as such the proposed development will not appear out of character with the locality.

The proposed extension by virtue of its design and siting will not extend beyond the primary elevation and as such will not appear incongruous or result in any unacceptable adverse impacts upon the established character of the host dwelling or character of the street scene and would therefore accord with policies D DM1 and D DM4 of the Arun Local Plan.

NEIGHBOURHOOD RESIDENTIAL AMENITY

The proposed side extension will be located approximately 2.4m from the Northern boundary, 3.8m from the Eastern boundary and 3.5m from the Southern boundary. The proposed extension will feature a door and a window on the Eastern elevation. This proposed window and door are not considered to give rise to any additional overlooking or loss of privacy to the neighbouring properties given they will overlook the remaining side garden of the property and the road (Stirling Road). No windows have been incorporated on the Southern or Northern elevations to further mitigate any potential impact upon neighbouring properties.

Given the design of the side extension, it is not considered to give rise to adverse impacts in terms of overlooking, overshadowing or overbearing and is therefore deemed to accord with D DM1 and D DM4 of the Arun Local Plan.

SUMMARY

The proposed development is deemed to accord with relevant development plan policies and as such is recommended for approval subject to the following conditions and informatives.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.

RECOMMENDATION

APPROVE CONDITIONALLY

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following

approved plans Location and Site plan, Proposed ground floor plan, Proposed elevations and Existing and Proposed roof plan.

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy D DM1 of the Arun Local Plan.

- 3 INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
