Dear Janice,

I have visited the above site and met with the lady occupant of the property who kindly showed me the Holly trees for reduction which are subject of this application. The reduction in height of the Holly to 12 feet (4m) is acceptable. However there is a young Oak tree within the Holly and has potential to become a prominent and suitable feature within the Kingsway locality, especially being near to the junction to the driveway. The applicant is now aware of this tree and it is recommended that it is retained, proud of the Holly.

Yours sincerely

Ian Brewster
