Attention: Nicola Moore

Dear Nicola,

Further to your letter dated 23rd February 2021 requesting additional information.

- 1. For clarity, please confirm the number of Monterey trees.*
The number of trees is FOUR. This is clearly stated on the drawing title.
- 2. Please provide the proposed height & spread measurements, in metres, after proposed works.*
Proposed height would be approximately 7.5 metres and spread would be approximately 3.5 metres
We would like to draw your attention to the previous two applications.
Planning Application Ref: AW/140/18/T – 2018 – Passed
Planning Application Ref: AW/319/17/T – 2017 – Refused
The current condition of the trees has not changed significantly from the previous application in 2018. We are mindful of the Councils Arboriculturist comments that if too much is removed (bearing in mind their sea location) - then the trees will die.

We hope the above information is satisfactory, however, if you require any further information, please do not hesitate to contact us directly.

Kind Regards

Andy Belcher
