Dear Angus,

I saw our Tree Officer yesterday and reminded him that he needs to look at the application. I will ensure you see his response as soon as I get it.

Kind Regards

Thank you for the prompt response.

The Applicant will accept the extension of time - although it would be helpful to know that the Tree Officer has all the information required. We have submitted a Tree Survey, Arboricultural Impact Assessment and Arboricultural Method Statement - which was what as asked for in the pre-app response. It would be unfortunate if we got to the latter part of the month only to find out that the Tree Officer had further requirements!

Kind regards

Angus

Dear Angus,

It will be a delegated decision. I am waiting on comments from our Tree Officer. Also, due to my current level of applications (80+), the decision itself will be delayed. Could we agree an extension to the end of May (31/05/18). I appreciate that this is a long ways off but it is the same as I have been telling other applicants who's decisions are due. We are looking to improve our staffing situation and so there is a chance that work gets reallocated and as such, decision making speeds up.

Simon

I was hoping you could give me an update on the timing of the above application. Are you waiting on further information to be received? I assume we will have to agree an extension of time, at some point?

Any updates for the Client would be helpful.

Thanks for your help.

Kind regards

Angus
