Your Ref.AW/76/19/T

Attention of Nicola Moore

Dear Ms Moore

Thank you for your letter re trimming our Oak Tree.

You have asked me to provide a location of the tree in question and I did enclose a copy of an architects drawing showing the exact position of the tree relative to the property.

Re the length of the branches we would like removed (In mts)

I can only
give you a rough guide. There are two offending branches, each about 4 inches dia and approx
25 feet long.

I trust this will answer your questions and the answer to question (re Authority/employee) The
answer is no!

Yours faithfully

Ron Wooldridge
