Hi George,

I have received a discharge of condition 8 for planning application **AW/245/07**

This is the condition:

Building work shall not commence until details of the space to be laid out for stationing vehicles clear of the public carriageway have been approved by the Local Planning Authority and the building shall not be occupied until such space has been surfaced, drained and completed. The space so approved shall not thereafter be used other than for parking of vehicles in connection with the development hereby permitted.

As you will see the plans submitted to me show the areas where the vehicles were stationed during the construction phase. Can you let me know if you have visited the site and can sign this off please.

Kind regards
Alison

Dear Debbie

Thank you for the attached consultation response, I asked the applicants to provide some further detail as requested in relation to Condition 8.

The attached plan identifies the location for the stationing of vehicles clear of the highway and the plans already submitted highlight how the areas previously used for vehicular parking are to be laid following completion of the development.

I hope this now provides you with a suitable level of detail to recommend the discharge of Condition 8.

Regards,
Peter
