Mrs Johnson

The floor plan is correct there are no windows on the north side of proposal. Side elevation plan shows south side with entrance doors.

Hope this clarifies the situation.

Kind regards

Gary Smith

Mr Smith,

Thank you for the updated plans. The location and block plan are now correct and have been added to the file.

If I am reading the proposed floor plan correctly, the side elevation you emailed me should not have windows or doors as you have shown. We only need to see a tiny bit of the side elevation (north) that you can see from the neighbours property.

Please let me know if the floor plan is correct or the side elevation is correct and we can go from there.

Thank you,
Mrs Johnson

Mrs Johnson

Please find the amended location and block plans, I have also included the side elevation drawings as requested.

I trust these are sufficient for the application

Regards

Sarah Smith

Mr Smith,

Thank you for the location and block plans.

The location plan needs to have two named roads on it and the block plan needs to have the proposed works highlighted/hatched with measurements from the proposal to the site boundaries.

Also, the other side elevation needs to be supplied.

If you have any questions, please let me know.

Thank you,
Mrs Johnson

Dear Mrs Johnson

Please find attached copy of requested plans, other plan sent on additional email, which I hope meet the needs of the

application. The area of development has been highlighted on the previously submitted plans, block plan was an infilled detail.

Yours

Sarah Smith
