Good morning Nicky

Many thanks for taking my call today.

The Monterey Pines ending 08 requires crown lifting by taking low branches back to main stem to give 3m head clearance.

Kind regards

Deborah

Good afternoon Deborah

Further to your email earlier today, I have tried to call a couple of times to explain why the application was closed.

I received confirmation of how much you propose to lift the crown by (Crown lift by 3m), and a further email was sent on 30th March requesting the height above ground level to which you wish to lift the crown, e.g. Crown lift to 3m above ground level. As this information is a validation requirement, the application was closed as I had not received the information.

In order for the application to be re-opened please provide the required measurement. I am out of the office tomorrow (21st April), but will call again on my return on Friday 22nd to discuss.

Kind Regards

Nicky

Good afternoon

I have received an email from you this morning regarding the withdrawal of the application as attached.

I emailed you on the 30th March to advise the crown lift measurements as asked for. Can you advise if you received this message and if this satisfies your query?

I would like the application to remain open as it appears that this message may have not reached you.

Yours sincerely

Deborah
