Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

FAO Sian Eggington

Further to your recent letter please find attached the revised plans complete with dimensions to boundaries on the block plan.

I wasn't sure about your comments relating to the location plan as it already has a red line around the site, a license number and a north point.

Also the scale works perfectly my end so I would appreciate it if you could check the settings your end please.

I have attached the CIL form too.

Hopefully that is everything you require and the application can now proceed however if you require any further information please do not hesitate in contacting me.

Many thanks

alex airey
