Dear Sir,

Correction of minor error in Objection to AW-85-6-2018-HH dated 10-5-2018 – 20-6-2018, within the Craigweil House Conservation Area

For avoidance of doubt, we wish to correct a minor error which occurred due to reference being made to an early assessment of the area, before CA designation and which was subsequently amended. We apologise for any minor inconvenience this error may have caused but stress that it in no way affects the content of the objection dated 10 May 2018.

At the bottom of page 1 it was erroneously stated that 'Weil House', 57 Kingsway was one of the twelve 'Local List Buildings' on the Craigweil Private Estate section of the CA.. It is not, but is shown as one of the 43 'Other buildings that make a positive contribution'. An initial draft list, to which reference was accidentally made, showed this to be on the 'Local List Buildings' but it was subsequently eliminated and removed.

However, this was not the wish of CHECAA for it is one of the rare 16 Joshua Auty, FRIBA, designed properties for which planning consent was granted by Bognor Regis UBC on the 19 March 1936 and we consider should be on the 'Local List Buildings'.

Yours faithfully
