Dear Cllr Bower,

Thank for sending this email through. I am slightly confused here as although this email is headed AW/85/18/HH, your other email to me yesterday (the email containing the email rejection message) referenced AW/71/18/HH. However, I see that Cllr Brown's email to you on 05/05/18 has the subject "AW/85/18/HH" and I therefore take this as the application that is required to come to Committee.

This being the case, as your email to us would have been received within the statutory consultation period (which ended 17/05/18), then we can accept this as a request to take the application to the Committee. My colleague Richard Castro-Parker is dealing with this application and I will let him know of this.

Kind Regards

Simon

This is the email I sent to dan.vick@arun.gov which got bounced and I don't follow it up!

I agree with Cllr Mrs Brown this should go to D.C.

Thanks

Dear Ricky

I would be grateful if the above application could go to committee. I believe it doesn't either preserve or enhance the Conservation area and also compromises the spatial character and pattern of the street. It also doesn't meet the design statement criteria of Aldwick Parish Council. I also believe that it conflicts with Policy area 2 and Dev 19.

Many thanks

Gill
