Thank you Nicola as you can tell I am learning as I go. Hopefully this is the data you need.

T1553 will be 22m high, 10m wide. T1554 will be 15m high 8m across and T1557 will be 20m high and 10m wide.

Please let me know if you need anything else and thank you for your help and patience.

Good Afternoon

Further to your email below, it is a validation requirement to provide the proposed height and spread measurements, rather than the amount to be removed.

Please therefore confirm:

T-1553 – please provide the proposed height measurement after the height reduction of approx. 5m.

T-1554 and T-1557 – please provide the proposed height and spread measurement after the reduction of approx. 2.5m

Kind Regards

Nicky Moore

Good morning Nicola, further to our "correspondence" at the end of March regarding the above application.

We have looked at the trees again, with our gardening team, their opinion is that the large oak - T-1553 needs approx 5m out of the height, the other two large oak - T-1554 and T-1557 need approx 2.5M out of both height and width.

Hope this answers your questions and thanks again for your help.
