Charlotte

I visited this property yesterday to determine the aforementioned Tree Work Application.

I do not consider any of the subject trees old enough to be included within the Area Order (Bognor No.2). I am not aware of any other Orders or planning constraint relating to the control of their management.

As such, we could now advise the applicant to proceed?

For the record, I would not have refused permission for the works being applied for, were these trees the subject of an Order.

Let me know if you need any further information from me.

Regards,

Mark
