Hi Amelia,

thanks for your email. The tree isn't old enough to be included within the 1958 area TPO. However structurally the verge tree is poor, unsafe and inappropriate so would not recommend a new TPO be placed upon it. I'll read the report later.

Regards

Ian

Hi Ian,

Just to let you know we have received further information regarding the Eucalyptus tree at 34 Kingsway, including a tree report and details of the impact of the tree on the foul drain. I am sending this to you in the internal post.

Also, do you think the tree is of an age to be covered by the 1958 order? We may have to make a new TPO for the tree if we chose to refuse this application.

Kind Regards,

Amelia
