Mr Eaglen,

I write regarding the above matter.

It is my intention that the application will be on the Committee agenda for 3rd October. I have concerns about the window on the north elevation and the impact this will have on the neighbour – are you able to amend the scheme so it shows a high level non-opening window instead of the one shown on the plans?

I would also request that you agree an extension of time to the day after the Committee (4th October).

Daniel Vick
