Subject: 8 MERTON CLOSE

Daniel Vick

[1] My clients confirm they will agree to another extension of time to allow the application to be put before the Planning Committee on 3 October.

[2] With regard to the proposed north window in bedroom 2, would you accept obscure glazing as an alternative to a high level window?

[3] My clients would like to attend the Committee meeting and address the Committee, in order to explain the need for the proposed enlargement of the property. They also intend presenting some photographs, illustrating similar extensions, to support their application. Accordingly, I would be grateful if you could confirm [a] the time available for their Committee address and [b] the latest date for submitting the photographic presentation.

Regards

Derek Eaglen Architects
