PLANNING POLICY GUIDANCE

NPPF	National Planning Policy Framework
------	------------------------------------

POLICY COMMENTARY

The above policies combine to describe the criteria against which the application will be assessed particularly with regard to visual and residential amenity.

The Development Plan consists of the Arun District Local Plan 2003 and the South East Plan adopted in 2009.

It should be noted that the Arun District Local Plan was adopted in 2003 and the South East Plan in 2009.

In accordance with paragraphs 214 of the NPPF, the South East Plan is afforded full weight as part of the development plan. Footnote 41 (page 49) states the Governments clear policy intention to revoke regional strategies.

Paragraph 214 of the NPPF ensures that specific policies in Arun District Local Plan 2003 can carry weight but, because it predates 2004, a reduced weight. The weight afforded to the policies with Local Plan policies can be assessed according to their level of consistency of the various policies with the National Planning Policy Framework. It should be noted that the NPPF states that weight is given to individual policies and not to the plan as a whole.

The emerging local plan has recently been approved by the Council and is therefore a material consideration in the determination of this planning application. Whilst it has not been formally adopted due weight has been given to its policies in terms of the decision making process at this stage.

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 38(6) of the Planning and Compulsory Purchase Act 2004 states:-

"If regard is to be had to the development plan for the purpose of any determination to be made under the planning Acts the determination must be made in accordance with the plan unless material considerations indicate otherwise."

The proposal is considered to comply with relevant Development Plan policies in that it would

have no materially adverse effect on the visual amenities of the locality or the residential amenities of the adjoining properties, nor would it have an adverse impact upon the established character of the surrounding area.

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS

The detached property has a detached garage that is sited on the western side of the dwelling and the application seeks to extend to the rear of the garage with a link to create a new kitchen/dining room area.

The proposed extension will be sited to the western side boundary and will be approximately 6.7m in width, depth of 7.7m with a maximum height of 3.9m which will take into account the installation of a lantern style roof light.

The neighbouring property to the west No 23 is sited approximately 1m away and the proposed rear extension will project forward of this dwelling by 1m. The Council as a consideration in determining planning applications have adopted a 45% degree rule and in this instance the 45 degree line has been taken from the middle point of the patio doors on the neighbouring property and the proposed extension complies with this rule.

The lantern style rooflight will be visible above the existing garage roof when viewed from the street but it is not considered to be of an obtrusive nature, nor does it harm the established character and appearance of the surrounding residential area.

It is therefore recommended that the application be approved, subject to conditions.

HUMAN RIGHTS ACT

Human Rights Act:

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect for private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal a neutral impact has been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).
