For attention of:	Mrs A Gardner
Site:	Arundel Acre, Arundel Road, Angmering, BN16 4EU.
Development:	Change of use of land from agriculture for 3 No. travelling showpeople plots (Sui Generis) with associated storage barn, maintenance area, landscaping & infrastructure.
Your Reference:	A/100/19/PL
Highways England's Reference:	85502

Dear Mrs Gardner,

Thank you for your consultation of 8th August 2019 regarding the above application.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN. In the case of this proposal, our interest relates to potential impacts upon the A27.

Having examined the above application documents on the planning portal we have the following comment:

- The applicant will need to provide a plan to demonstrate that the appropriate visibility splays can be achieved to and from the site access and around the corner radius from the westbound A27 into the B2225 Arundel Road to the access in accordance with the minimum Stopping Sight Distance in *DMRB TD9/93 Highway Link Design* and *DMRB TD41/95 Vehicular Access to All Purpose Trunk Roads*. If this is not achievable and

therefore cannot be robustly demonstrated, Highways England will be required to recommend refusal of the application because of the potential detriment to road safety.

Accordingly, until such time as the requested information has been provided to enable Highways England to obtain a clear view of the impacts of this proposed development on the SRN (the tests set out in DfT C2/13 para 10 and DCLG NPPF para 32), our informal advice is that you should not approve this application because of the potential for harm to the Strategic Road Network.

This email does not constitute a formal recommendation from Highways England. We will provide a formal recommendation later when we can be confident that the application is in its final form. In the meantime, we would ask that the authority does not determine the application (other than a refusal), ahead of us receiving and responding to the required information. In the event that the authority wishes to permit the application before this point, we would ask the authority to inform us so that we can provide substantive responses based the position as known at that time.

If you have any queries regarding this response, please contact us at

[REDACTED]

Regards,

Sent on behalf of Kevin Bown, Spatial Planning Manager Area 4
