Dear Mr Burrell,
Thank you for your e-mail. I have also read the other e-mails I have been sent.

I sympathise with your situation. You will see from my report when it is published on the website that I have given significant weight to your status as a travelling show person given the Council has yet to adopt a plan setting out how it intends to make provision for the requirement number of travelling show person pitches. However, public safety is a very important factor and it is still the case that the access is deemed unsafe in terms of the degree of visibility available. Therefore, my recommendation is for refusal for this reason only.

I would suggest you discuss your next steps with Mrs Ramirez.

Regards
Karl Roberts

Subject: Urgent Arundel Acre Arundel rd

Good afternoon Karl,

As it's late on in the day we are getting very worried about our application at Arundel Acre Arundel road Angmering. We hope you received our other emails and the voice mail that Ben left you. We really hope you have been able to take all our points into account. We will willing agree to any conditions you would need to put in place to grant us permission. And see it very positively that highways England didn't object with the additional info provided. Also

Angmering parish council have welcomed us to the community and did not raise an objection either as had seen the positive work we have carried out.

We really need this yard that we have worked so hard to get and remain a stable base to us.

We have caused no safety issues in the years we have been there and this is backed by the road safety records.

Our family depends on this being our home (other wise we will be homeless) and we cause no cost or burden to the local council as we have purchased and maintained the site.

We hope you can assist us in our time of need.

Thanks for your time.

Kind regards

Nic Burrell
