Subject: Our Home and Livelihood Arundel Acre

Dear Mr Roberts

Ref : A/100/19/pL

I am writing to you a very personal plea for your consideration, in regard to our planning application at our home and storage yard Arundel Acre, Arundel Road, BN16 4ET. We as a family have carried out extensive works on our land to make it aesthetically pleasing from the unkept barren eyesore of a plot it once was prior to our purchase, numerous locals have commented what an improvement it is to see it be kept and cared for. We have undertaken any advice and implemented these to comply, we have added to the natural infrastructure planting added bushes, shrubs and trees, replaced dilapidated fencing, gates and boundaries, making this plot more our own. We would like to highlight we are no burden to the local area and council, we support ourselves independently, are self sufficient in our own environment and work providing for our families in a minority business that faces many prejudices unjustifiably. We feel we are integrated in the community and support the local areas, charities and events with our amusements and entertainment business, our children enjoy the local amenities available and benefit from the stability of having a safe home environment.

We have no alternative as to where we take our homes(caravans) and trailers, which will mean we will be reliant on the local authority to provide us with suitable grounds that can accommodate us both to live and store our property. As you can appreciate I feel desperately concerned, scared and worried about the implications of the result of this application for the wellbeing and needs of myself and my young children, losing the place we call home and having this hanging over us at a time that's meant to be full of joy and happiness!

All I ask is you consider the impact this decision will have on our lives PLEASE.

Kind Regards
Ms Tara Burrell
