Subject: Arundel Acre showman yard, Angmering

Dear Karl Roberts,

I'm writing to you on more of a personal level regarding our planning application. We are feeling deeply concerned and stressed regarding our future at Arundel Acre that we have purchased as a home for our families and children along with storing and maintaining our rides and attractions. We feel we have taken on board all recommendations and given the best solutions possible for our situation. This has all cost us large sums of money to do this and get these results at a time of year that is very costly with families at Christmas. As you can appreciate this is hugely stressful for us at what is meant to be a happy time of year. It feels like we find a solution and then the goal posts are changed again. There are a number of large property developments near us (one at brow of hill) happening which don't seem to be entailing the issue we are. Is this due to our industry and lifestyle?

We have been here a number of years and caused no issues and have been warmly welcomed to the community by Angmering parish council.
We fear for where this will leave our living and storage.
We truly hope you can take into account our personal feelings at this difficult time.

Thank you for your time and we wish you and your family a merry Christmas and a happy new year.

Kind regards
Nic Burrell
