Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Tree Preservation) (England) Regulations 2012

Application No: A/100/21/T
Site Address: Land to North of New Road Angmering
Description of works: Fell 12 No. Monterey Pine trees

Thank you for your internet representation made on 8th June 2021 which has been recorded as an objection with the comments as follows:

OWPC37240

This line of trees is a local landmark as much as Norfolk Clump, Chanctonbury, the lone tree at Cissbury. I understand it is because 12 of them block the line between 2 emergency aerals. I think you need to make your aerals taller or re-site them. What would you do if there was a building in the way?? Why were the aerals sited where they are? Surely one could go on Highdown Hill. If this goes through then most certainly a precedent will be set. The line of trees will never recover with a gap or even shorter trees. Do not destroy a beautiful local landmark. We can move our manmade items but living trees are there for as long as they live and cannot be moved or replaced. Put the aerial on top of a building recently permitted to be built such as the Audi garage. Do not kill those trees.

Your views as made above will be considered before the application is determined.
