Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Tree Preservation) (England) Regulations 2012

Application No: A/100/21/T
Site Address: Land to North of New Road Angmering
Description of works: Fell 12 No. Monterey Pine trees

Thank you for your internet representation made on 28th June 2021 which has been recorded as an objection with the comments as follows:

OWPC37786

I hereby submit my objection to A/100/21/T planning application.

Is the upgrade of the existing site necessary as Angmering is neither a remote nor rural area? I fail to understand why 12 trees could seriously cause an obstruction to the equipment and therefore affect the coverage within the local area.

Angmering has lost an abundance of trees recently, many of which were mature, due to the continuous building of housing developments and the restructure of the A259. Does Arun District Council not appreciate, acknowledge, or care about, the necessity of trees on this planet, not only for the loss of wildlife habitats but, of course, carbon offset?

With reference to the site visit carried out on 25/05/21; the site officer states 'probably going to be better to fell the trees'; this statement is not a full recommendation but a dubious and unconvincing one.

The applicants' application is incomplete.

Therefore, based on the points raised by others, including Angmering Parish Council, including but not exclusive to, due to insufficient information supplied by the applicant, and more importantly, the very fact these beautiful trees have a preservation order on them and that should remain intact, this application should be rejected.

Your views as made above will be considered before the application is determined.
