Hi Josh

I have checked with my Team Leader, and if the red edge on the Location plan was amended to the 4 No. mast locations, the fee would be calculated on the total site area of the 4 red edges.

Kind Regards

Nicky

Hi Nicola,

The red edge on P/32/21/PL is around the 4no mast locations, not around the whole pitch that is actually being floodlit. The pitch sizes in both applications are very similar.

Our application has the red edge around the whole pitch which includes the 4no mast locations, but this is standard practice for all applications we've submitted and we've never been charged more than

Kind regards,

Hi Josh

I've had a look at the application you have referred to in your email (9/32/21/PL), and the red edge is different to the one you have done, which may be why the fee is different/less.

Have a look at the application on line, you may wish to amend your red edge which may then alter the fee to be paid for your application.

Kind Regards

Nicky

Hi Nicola,

Thanks for coming back to me.

I've used the 'other material change of use' on every floodlit planning application we've submitted. To be honest, the fee for a floodlight application [REDACTED], but this was recently increased [REDACTED] VAT when the planning portal was introduced.

I'm not sure categorising the works as the below would be adequate either to be honest.

[REDACTED]

Kind regards,

For and on behalf of Abacus Lighting Ltd

Good afternoon Josh

I have sought clarification from my Team Leader regarding the fee required for your application A/101/22/PL.

The fee you have paid [REDACTED] for 'Other material change of use of a building or land'. As the application is not for a Change of Use, I have calculated it as:

[REDACTED]

10. The carrying out of any operations not coming within any of the above categories

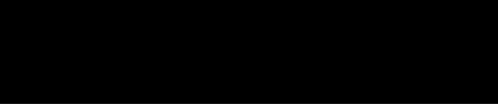

(1) In the case of operations for the winning and working of minerals
(a) where the site area does not exceed 15 hectares, **£234** for each 0.1 hectare of the site area;
(b) where the site area exceeds 15 hectares, **£34,934**; and an additional **£138** for each 0.1 hectare in excess of 15 hectares, subject to a maximum in total of **£78,000**;
(2) in any other case, **£234** for each 0.1 hectare of the site area, subject to a maximum in total of **£2,028**

This is based on the red edge (you may wish to amend the red edge). Please advise how you have calculated the fee.

Kind Regards

Nicky Moore

Hi Nicola,

This is completely different to any other price we've paid, we complete various applications with other councils in the UK and the fee of [REDACTED]

Can you just double check this please?

Kind regards,

Good Morning

Thank you for clarifying the site area of 9 hectares. I have checked this on the Location plan and the red edge, and have calculated the fee [REDACTED] This is based on the red edge measuring 0.8 hectares:

[REDACTED]
10.The carrying out of any operations not coming within any of the above categories

(1)In the case of operations for the winning and working of minerals
(a)where the site area does not exceed 15 hectares, **£234** for each 0.1 hectare of the site area;
(b)where the site area exceeds 15 hectares, **£34,934**; and an additional **£138** for each 0.1 hectare in excess of 15 hectares, subject to a maximum in total of **£78,000**;
(2)in any other case, **£234** for each 0.1 hectare of the site area, subject to a maximum in total of **£2,028**

[REDACTED] (uk)

Kind Regards

Nicky Moore

Hi,

Apologies I have only just picked up your voicemail, confirmation that the site is 9 hectares in site.

Good morning,

I believe the requested information has already been provided, please see the below information:

- Please submit an electronic location plan in pdf format at a scale of 1:1250 or 1:2500 for rural areas. Further details of what must be included on the plan can be found in the Validation Requirements List.
 - Please see the attached drawing named 'UKS17870_4 – 4051080 Worthing RFC Block Site Plan' which details the location of the area in question, as well as outlining the site detail.

- . Please submit existing and proposed site plans clearly showing the positions/locations of the existing/proposed lighting.
 - Please refer to drawing named 'UKS17870_4 – 4051080 Worthing RFC Lighting Design' which shows the location of the newly proposed 4no 15m masts around the existing pitch, the existing lighting is detailed on the block site plan within the red perimeter line. Photos of the existing floodlights are also detailed within the Light Impact Assessment report.
