Hi Kathryn,

To be honest it's difficult to say, they are really old and the club haven't tested the lux levels for years.

I would say the system was originally design to achieve around 75 lux, I hope that is sufficient?

Kind regards,

For and on behalf of Abacus Lighting Ltd

Dear Sirs,

I would be grateful if you could confirm the existing number of, and lux levels emanating from the floodlights to the 6 no 10m lighting columns already in situ at the rugby club.

If these details could be provided at the latest by the 29th of August in order that I may meet the expiry date of the application.

Kind regards,

Kathryn Welch
