

To whom it may concern regarding the works to be carried out to a TPO Monterey Pine situated on Tall Trees Angmering Littlehampton BN16 4AW for the owners of 1 Alexander Ave BN164PP

The removal of the Pine cones will not alter or damage the health of the tree and as such appears to have no Arboricultural significance to the tree

If the cones are not removed and they fall and seriously injure the occupants of 1 Alexander ave then the trees owner may be liable for allowing this to happen as seen in *Stilwell v. New Windsor Corporation, Chancery Division. 11-13th May 1932. Clauson J.*
