Subject: Planing application A/102/20/PL

Dear Mr Denton,

I'm writing to you with regard to the above planing application which was submitted by myself.

I see that APC have concerns that the my planning application will impact the public right of way (PROW 2176). My proposed application does not effect the public footpath and it will remain un-changed with barbed wire fence remaining in place as it does today.

Please note APC's suggestion of rerouting the right of way around around my property would not be accepted by the owner of the farm land and it would be incredibly intrusive to the privacy of my garden as there is a low fence to the open sides of the farmland.

Please can you advise Arun District Council's thoughts on APC's suggestion?

Thank you

Kind regards,

Russell Tudor
