Hello Zac

Thank you for taking time to call me to explain the situation. I must say I'm somewhat bemused an objection had been raised for such a small piece of land and trivial issue. I thought this planning application was simply going to be a formality.

I agree to the extension until the 2nd October 2020, so the application can go to the DDC committee. However, I would like to state that APC suggestion of re-routing the footpath is not an acceptable option.

Would you like me to take some photos of the site for the committee's reference?

Kind regards,

Russell Tudor

Dear Mr Tudor,

Thank you for your time on our call earlier.

Would you be agreeable to an Extension of Time until the 2<sup>nd</sup> of October in order to allow for the application to go to DDC Committee?

Kind regards,

Zac Denton
