Mark,

We consulted you on the above application on 18 July 2022 and the application expires today. We don't yet have any comments from you.

If you do not intend to comment, please could you confirm urgently as we will determine today.

I would like your comments because of the proximity of a large number of mature trees covered by a TPO and we need to be certain that we are happy with the conclusions of the applicant and have the requisite controls/conditions in place. If you are going to comment, we will need some comments this week. It is already going to go over time and we can't leave it hanging around indefinitely. We will determine the application on 20 September if we have not had your comments.

Thanks, Neil
