Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021. During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Subject: Planning Application Ref; A/10/21/HH1 Alexander Avenue Angmering BN16 4PQ

Hello Zac,

I have tried, unsuccessfully, to contact you by phone on several occasions.

Could you please give me a progress report on this application.

I see there have been a couple of objections. I confirm that there will sufficient room for vehicles to turn around using the drive and ROW, therefore, vehicles will join Alexander Avenue in a forward direction and will not be reversing onto the highway.

Could you please confirm that you are able to support the application and will be recommending approval, as indicated in the Pre-App consultation.

Thanks.

Best wishes,

Peter Robson
