Subject: RE: Planning Consultation on: A/10/22/PL

There is scant information about the existing structures however it is noted that in the planning application it is proposed to replace the stables with new build. This would make sense as the stables are unlikely to have any foundation and be built straight off a ground slab. This would make the replacement of the internal slabs proposed in all buildings somewhat precarious as the stables would need to be suspended in mid-air whilst new foundations and slabs are constructed.

The proposed construction method statement and proposed propping is considered acceptable.

This application has been identified as CIL Liable. Therefore please be aware that, in accordance with Appendix 2 of the Arun CIL Charging Schedule, your consultation response should only include requests for Section 106 for onsite mitigation, Pagham Harbour Management Contributions (if applicable) or Affordable Housing. "Off" Site mitigation measures directly related to this development should be dealt with by condition if possible to ensure the scaling back of Section 106 if possible. CIL contributions will be used for "off" site infrastructure mitigation schemes. Therefore if this proposal triggers the need for "off" site mitigation, please ensure that you engage in the CIL Infrastructure List Consultation process upon receipt of a consultation letter.
