
A line drawing of a long, low building or bridge structure. It features a flat roof supported by several vertical pillars. The structure is elongated and symmetrical, with a central section that appears slightly wider or more prominent. The drawing is simple, using black outlines on a white background.

A line drawing of a simple building with a gabled roof. The building has a small window on the right side and a door on the left side. The roof is divided into two sections by a central ridge. The building is supported by four vertical pillars. The drawing is done in a simple, clean style with no shading or texture.
