Thank you for your internet representation made on 8th July 2021 which has been recorded as support with the comments as follows:

Re the proposed development by McCarthy Stone BMW site.

Although we welcome and are broadly in favour of the proposal, we have a number of concerns as it stands which we feel should be addressed during the detail planning phases of the development.

1. There appears to be insufficient parking provision to accommodate residents/staff/visitors/health & social professionals and shoppers.
2. The permanent closure of the walkway to the rear of 'Eachways' will force all pedestrians to use the very narrow footpath at the junction of Water Lane & High Street.
3. The retail facility could jeopardise the established local shops in the village square. Also there are several 'supermarkets' within easy reach.
4. Any retail facility should include an appropriately sized, exclusive use, off-road unloading bay. Pavement parking has always been an issue in Water Lane.
5. Any retail development should NOT be an 'open all hours' establishment, light and noise intrusion should be minimised to existing residents of Water Lane and Cumberland Crescent.
6. The proposed development does not appear to have made provision for any environmentally friendly power

sourcing, e.g. the inclusion of solar panels or ground source heat pumps.

Your views as made above will be considered before the application is determined.
