Be prepared

We do not have an assessment of flood risk for the area which you have selected is outside the floodplain. It could also be because we have been unable to find information for this area because we did not have sufficient information (this applies to areas in England and Wales in the flood outline)

For a fuller explanation of flood likelihood, [click here](#).

Be aware:

Our maps only cover flooding from rivers and the sea. Flooding can also come from other sources such as rising ground water levels, burst water mains, etc.

To find out how to be prepared for all types of flooding go to our [Flood Risk](#) page.

The information on the likelihood of flooding is not intended to be used for new developments. To find out how the Flood Map can help you, [click here](#).
