Hi Albert,

I hope all is well, yes, and yes. All looks good with what Nikki has said in her information, let's roll with that.

Thanks, Russ 😊😊

Hi Russell,

Nicki Moore was querying the "crown reduction" element of your note, after what I'd originally submitted to them (see attached), followed up by an estimate on my part of the overall length of the bough to be removed, as being approx 4 to 5 metres in length ...

If what she says below, agrees with what you have in mind, could you just confirm by email back to me please (plus whatever changes if any are necessary if I've cocked up)! Though I will re-emphasise that we still need to make the remedial repairs to the pre-existing damage etc ...

Many thanks,

Albert

Dear Miss Moore,
Further to our earlier telephone conversation, I can confirm that the limb in question is approximately 4 to 5 metres in length.
