Morning Andrew,

Yes, I am satisfied that the proposals would now cover the areas requested as part of Condition 8. Now that Technical Approval has been issued C8 can be discharged. I will let you decide if you would like to formally re-consult us for official comment.

A/113/19/DOC Condition 8

Please see email below which has already been forwarded to you. Could you now confirm that the footpath design is now acceptable?

Thank you,

Andrew Wood

Hi Robert,

Thank you for the revised drawings. I can confirm technical approval has been granted. I will distribute the official technical approval email tomorrow morning once I am back in the office.

Kind regards

Lee Moses

Lee,

Thank you for your mark-up. Please find enclosed the updated drawings, we trust you are able to issue the S278 consent.

Regarding the "gully connection" you reference (I assume you don't mean the existing gullies). This is not a gully, but the manhole connection from the sewage treatment plant to the culvert. Therefore it is to remain private and we have not shown it in blue.

Kind regards,

Robert Steventon

Subject: S278 changes

Importance: High

Morning Robert,

Sorry for the delay, I'm currently unwell and I'm off work at the moment. On the attached, I will be satisfied if everything inside the light blue box can be changed to light Gray colours as it is not part of the S278 work but keep the gully connection as shown and show this as blue. (also update the key))

Remove the construction key as we discussed and change the kerb colours to black.

I will log back on this afternoon and hopefully grant technical approval if you can make the changes by then ?

Kind regards

Lee Moses
