Hi Anita

I have discussed your comments with the client and we would like the application to remain live as we are now able to submit substitute details for the road widening proposal which we hope addresses the concerns that have been previously raised.

Please find attached copies of GTA Civils drawings numbered 6841/100A & 101A which illustrate these revisions.

We would be grateful if you could extend the time to allow re-consultation to take place.

Best Regards

Guy

Hi Guy,

The latest advice I have had from County is to refuse the application and there is a Parish Council objection. It may therefore be better to withdraw the current application and resubmit a revised application to start again without any adverse comments. If not if it reaches a stage where it can receive officer support the application will need to be taken to Committee for a decision and the earlier comments may cause confusion.

It is up to you. If you wish the application to remain live and allow the opportunity for submission of substitute details and re-consultation I would be happy to extend the time initially until 14-09-2017.

Regards

Anita

Good morning Anita

I would be grateful if you could agree to an extension of time to allow a revised reduced proposal to be submitted for the above which addresses the issues raised by West Sussex County Council.

The consulting engineers will have a revised scheme completed by the end of this week which I will forward to you but I understand that you are on annual leave from next Monday.

I believe that you suggested to Richard Smith that the 14th September would be acceptable to you.

Best regards

Guy
