

R M PETTETT LTD

non-ferrous metal merchant
and
cable granulators

22 August 2009

To whom this may concern

I have known Joe Reid for about 10 years. Joe lives in the old converted stables and his partner Nora lives in the mobile home and to my knowledge, they have been separated for at least 5 years. I go there about once a month for business and social purposes, so I am aware of Joe's residential occupation of the converted stables since 2004.
